

This will probably take us about an hour if we slowly zig zag through the side streets

Turn right out of the Kratzer parking lot and turn left onto Center Street

- Lots of side streets here to zig zag around:

Buchman, Coolidge, Market, Belmont, Charles

Head down to Walbert and turn right. Cross Cedar Crest Blvd.

Continue down to Winchester Heights subdivision and turn right on Penn's Crossing

Continue - Right onto Barrington, Right onto Sturbridge, Right onto Valley Forge

Drive the large circle all the way around Valley Forge all the way down to the bottom of the hill

Turn left onto Brandywine and then right onto Chalmette into Country Crossings community

In Country Crossing we will have to stay on Brandywine - this crosses many small dead end or parking lots streets. These parking lot/dead end side streets are :

Redwood Wood Ct

Shiloh

Sequoia

Saratoga

Shenandoah

At the end of Country Crossings turn right onto Yellowstone which will take you back to Walbert.

Turn left onto Walbert and then right onto Cedar Crest. Follow Cedar Crest past Target shopping center and make a left at the traffic light on Pennsylvania.

There are lots of streets to zig zag off of Pennsylvania:

Fairmont, Marshall, 28th, 29th, 30th, Arch, Main

After zig zagging through this neighborhood turn left onto 28th street off of Pennsylvania

Go past the Grandlawn baseball field and turn left onto Columbia

Again, the neighborhood has a lot of small streets to zig zag:

My suggestion:

Right onto Main

Right onto Russell

Left onto 28th

Right onto Custer

Right onto 27th

Right back onto Russell

Left onto Broad

Left back onto Columbia

Continue Columbia and turn right onto Whitehall Ave

After the bridge turn right onto Fairmont

Left onto North Ott, straight across Pennsylvania and turn left onto Highland

From Highland turn left onto 26th and then right back on Pennsylvania

Continue and turn left onto 23rd and then left back onto Fairmont

Turn right onto Whitehall and then right back onto Columbia heading the other way

Columbia is the main road through this next neighborhood:

Follow Columbia across 22nd and turn left onto Grove

Follow Grove around until it turns back into 22nd

This will take you back to Walbert where you will turn right (across from Baba Nona Kiffle)

From Walbert turn left onto 21st and then right onto Huckleberry
Left onto 20th:

New neighborhood:

Follow 20th across and bear right onto Jane

Turn left on Custer and then right onto 20th once again (20th is split)

Left onto Ruth

Right onto N. 21st (past my parents)

Right onto Brown

Left onto Latta down into the Golden Oaks neighborhood

This brings you down a big hill and back up

At the top of the hill is 20th st again (another section of this split street)

Turn left onto 20th

Bear right onto Sunset

Turn left onto 21st

Turn left onto Brown

Follow Brown all the way down and turn right onto 19th

Follow 19th and turn left onto Stanley

Turn left onto 18th/Mauch Chuck.

At Gravelly Tractor turn right onto Ruth Street

We can zig zag through this neighborhood- don't know street names back here

End up back at Ruth Street

Turn right onto Mauch Chuck,

drive all the way down through both stop lights, cross the bridge and turn right onto the second light and turn left up the hill on Girard Ave

Halfway up the hill turn left onto 20th and then right onto Donna

Follow Donna up and around back to the top and make a left back out onto Girard Ave

Turn right onto Whitehall Ave

Before we get to Greenawalds, we should do a quick loop to the little neighborhood to the right :

From Whitehall Ave turn right onto Wehr

Left onto 20th (yet another section of the split street)

Left onto Focht

(there are a few other side streets back there. If we see anyone out, we can follow a few of the side streets before going back out to Whitehall)

And then turn right back out to Whitehall Ave

Head into Greenawalds neighborhood and turn left onto Albright Ave.

Albright Ave is the main road through this little community

Turn left onto Lawfer street - We want to be sure to go past Jack Ohl's house at 2026 Lawfer

We can zig zag through the other side streets in Greenawalds and then come back to Albright Ave and turn left down Orchard

Cross over into the Molinaro subdivision (the neighborhood with the park where we hold our drill)

From Orchard, turn left onto Minnie Lane and then left onto Molinaro
Right onto Wehr,
Right onto Maria,
Right onto Girard
Left onto Molinaro

Continue on Molinaro and turn right onto James,
Left onto Joseph
Right onto Lisa
Left onto Kris
Left onto Mylinda
Left onto Huckleberry back to school parking lot

I did not include the Jonagold neighborhood which is off of Huckleberry Road heading to Cedar Crest because it's only one road in and out. Nowhere to turn a big parade of cars around. I also did not have us go all the way out Albright Ave to Troxell. There are a few houses on the left side of Albright Ave heading toward Troxell, but we would have to either turn around in the Troxell parking lot or turn left onto Cedar Crest where it's difficult to see and pull out into traffic.

There are a lot of little neighborhoods in KR territory and I hit them all in some way, although not every street. I think I have us driving through all the main roads and places where kids can come out into their yards and see us.

FYI: a lot of the streets in the old neighborhoods are cut off into smaller sections by 22 or by other houses. Streets with the same names are cut off at various places and then show up several streets away again.
