Kratzer Families,

The deadline to order yearbooks has been extended and additional options have been added to the ordering website. **Please read all information and instructions very carefully when placing orders for options! An additional flyer is attached with detailed directions.** The last day to order yearbooks and ALL OPTIONS is Friday, May 15th! Due to production deadlines, we absolutely can't extend ordering after this date.

Yearbook Notes are now available for purchase online through Christmas City Studio's website @ \$4 each!! This feature was recently added to safely provide this beloved yearbook feature through this year's unique circumstances. The Notes section of the yearbook is personalized messages, written by you, to your Kratzer Kids and Staff. (This is NOT a yearbook order.)

We are offering home delivery for anyone who purchases a yearbook. There is an additional cost of \$5, but yearbooks are expected to arrive earlier with home delivery than in-person pickup and is a much safer / convenient option. You need only place 1 order for delivery and any books ordered by your family will be shipped under this order.

Both of these options above are available regardless of when you made your purchase. If you have already placed an order, you can logon and add notes and home delivery to your order. DO NOT reorder a yearbook if you have already done so. This will result in multiple books being delivered to you.
